

- Recovery Life Homes is in sunny Sarasota, FL about 10 minutes from the one of the number one beaches in the world, Siesta Key. And 15 minutes from downtown Sarasota with many local shops and eateries.
- Our home is a single ranch style home, comprised of nine rooms that backs up to a pond. It is located on a cul-de-sac in a quiet neighborhood and is just a few miles from White Sands intensive outpatient treatment.
- Each room has two beds and one bathroom. There are two twin-sized beds in each room, making for a total of two-four residents per room when full.
- Things We Provide: Toilet paper, paper towels, garbage bags, cleaning products, brooms, mops, bath towels, bed sheets, pillowcases, and comforters. We also provide kitchenware, silverware, and all basic appliances including a coffee maker and a toaster.
- Requirements of our residents: Rent is \$125/week. All residents are required to attend our local IOP 3 days a week in 3-hour sessions. Residents are expected to attend a recovery-based/self-improvement fellowship every day (AA, NA, CA, Smart Recovery Celebrate Recovery, religious/spiritual groups, etc.) and have paperwork signed to prove attendance. We do provide rides to IOP every day and meetings 5 days a week.
- What makes us different: Recovery Life Homes peer employees are full time staff that are available 7 days a week to ensure all of your needs are met. Our case managers/peers are comprised of individuals with 5 or more years in recovery and have been working within the addiction treatment industry.

We are here to provide the highest standard of continuing care for patients who have left treatment and we want to make sure we are all working together and communicating to continue to provide that care. If you have any questions, concerns, or simply need clarification, please do not hesitate to contact us.
